ADVANCED SOLUTIONS FOR EDUCATION

Empowering Education Through Unified Communications

In the rapidly evolving landscape of education, the need for robust, integrated communication systems has never been greater. Aeonix Unified Communications & Collaboration (UC&C) or Aeonix4Cloud (hosted in Microsoft Azure) is the cornerstone of modern educational environments, offering seamless connectivity and collaboration across campuses and beyond.

Why UC&C for Education?

Connectivity Across Campus

Aeonix unites classrooms, administrative offices, and remote learners, ensuring that everyone is just a click away from being connected.

Collaboration Made Simple

Aeonix uses Zoom Collaboration allowing tools like instant messaging, video conferencing, and real-time document sharing, fostering a collaborative spirit that transcends physical boundaries.

Engagement and Accessibility

Engage students with interactive learning experiences and provide educators with easy access to resources, regardless of their location.

Streamlined Administration

Reduce administrative overhead with efficient communication tools, allowing staff to focus on what matters most—educating the leaders of tomorrow.

Scalability & Customization

Grow and adapt with ease. Aeonix scales with your institution's needs and offers customization to fit your unique educational model.

Security and Reliability

Trust in a system that protects sensitive data and provides consistent, reliable service to support the educational mission.

Imagine a system that seamlessly connects teachers, staff, parents, and students – regardless of location or device. Aeonix delivers just that, streamlining communication and enhancing school safety.

Designed for Education:

- **Multi-Device Flexibility**
 - Reach teachers and staff on their preferred devices – PC, Chromebook, smartphone, or classroom phone – with up to 6 devices per user
- **Free Zoom Integration**
 - Conduct secure and engaging virtual meetings and classrooms with our included Zoom moderator client, eliminating additional subscription costs
- **Scheduled Paging**
 - Implement scheduled paging or bells across the school with ease, both overhead via SIP paging adapter and through phones

Unparalleled Safety Features:

- **Aeonix Emergency Conference Manager:**
 - Receive instant notification of 911 calls.
 - Pinpoint the location of the call for faster response
 - Manage emergency calls with a visual grid interface
 - Facilitate communication by connecting the caller, school personnel, and emergency services
 - Send SMS alerts to designated staff during emergencies
- **Dynamic Location Updates**
 - Aeonix dynamically updates locations based on subnet IP range, WIFI MAC address, or LLDP ELIN from data switches
- **Unlimited Locations**
 - Manage an unlimited number of locations and sublocations, with an Emergency Location Identification Number (ELIN) for each

Benefits for Your School:

- **Improved Staff Collaboration**
 - Streamline communication between teachers, administrators, and other staff
- **Enhanced Parent-Teacher Communication**
 - Foster better communication with parents through calls, texts, or video conferences
- **Increased Efficiency**
 - Automate tasks and reduce call routing complexities
- **Enhanced Safety and Security**
 - Respond to emergencies quickly and efficiently with our advanced features
- **Reduced Costs**
 - Eliminate the need for multiple communication platforms with a single, unified system

Intuitive User Interface

- **Consistent Touch UI**
 - Whether it's iOS, Android, PC, or Chromebook, Aeonix Touch client offers a uniform user interface for a seamless user experience and faster adoption
